

FWG Internal - Bug #23775

FWG: Staging: Web app: Buy Sell Prompt: Filter is not working.

Description			
On the Buy/Sell Prompt page, I opened the filter and applied it based on the Upload Date, selecting a future date. Logically, it should display a 'Data not found' message, but it is still displaying the overall data. This means the filter is not working based on the Upload Date.

Verified on staging web app, now in the filters of the Buy Sell Prompt page the Upload Date filter is removed. **Marking it as closed**
